

P. SIRANJEEVI

Java Full Stack Developer

Chiranjeeviram07@gmail.com | 7200564197

[linkedin.com/in/chill-coding20](https://www.linkedin.com/in/chill-coding20) | github.com/Chill-coding20 | [Portfolio](#)

SUMMARY

Java Full Stack Developer with experience in Spring Boot, REST APIs, and MySQL. Built full-stack academic applications using Java and React.js. Experienced in test automation using TypeScript and Playwright. Currently strengthening full-stack and QA automation skills through hands-on practice and projects.

SKILLS

Programming Languages: Java | JavaScript | TypeScript

Backend Technologies: Spring Boot | REST APIs | JWT Authentication | Apache Maven

Frontend Technologies: React.js | HTML | CSS

Database: MySQL | PostgreSQL

Testing & Automation: Playwright (TypeScript)

Tools & Platforms: Git | GitHub | Postman | Oracle Cloud Infrastructure

PROFESSIONAL EXPERIENCE

Test Automation Intern | PQSI Digital Private Limited (IQC AIS Centre)

May 2026 – Jul 2026

- Developed end-to-end automated test scripts using TypeScript and Playwright for web application testing across multiple browsers.
- Designed and executed UI, functional, and regression test suites covering critical user flows.
- Collaborated with the QA team to identify defects, improve test coverage, and maintain structured test reports.
- Participated in daily QA review meetings and documented test results for team-wide visibility.

PROJECTS

Advocate Case Management System (Java + Spring Boot + React.js + MySQL + REST APIs)

- Developed a full-stack case management platform for advocates using Java, Spring Boot, React.js, MySQL.
- Implemented secure REST APIs with JWT-based authentication for role-based access control.
- Built a responsive frontend in React.js, integrated with Spring Boot backend services via REST.
- Managed relational data with MySQL, including case records, client profiles, and hearing schedules.
- Live Link: bit.ly/Advocate-app

UltraTech Test Automation Framework (TypeScript + Playwright)

- Developed automated test scripts using TypeScript and Playwright for web application testing.
- Performed UI, functional, and regression testing, including cross-browser test execution.
- Reported defects and worked with the QA team to improve coverage and software quality.

EDUCATION

Bachelor of Computer Application | Madurai Kamaraj University | Madurai

2023 – 2026

CGPA: 75%

Higher Secondary | GBHSS Natrampalli

2017 – 2023

Percentage: 77.3%

CERTIFICATIONS

- Oracle Cloud Infrastructure AI Foundations | Oracle — 2024
- Apache Maven Certification | Infosys Springboard — 2024

CONTINUOUS LEARNING

- Regular problem solving practice on LeetCode and competitive coding platforms.
- Focusing on data structures, algorithms, and problem-solving logic for placement preparation.
